ABOUT

Julia Christ is an Eastern Long Island graphic designer and artist. From a very early age, she showed an affinity towards the arts. This passion for the fine arts has led her to a devoted career dedicated in design. With each project she creates, Julia always strives to achieve a balance of beauty with message, minute details with overall design. The attention to detail with which she uses to craft her art is fundamental to her workmanship; that standard is always the driving force to her work ethic.
